Tom Johnson (TJ) from Maximum Tire has been an active member in Winslow Township for many years. He was with the Winslow Fire Department for 30 years. TJ has always been a person that helps those in need and gives back to the community. TJ has not been feeling well over the past few months. He recently found out that he has a large cancerous tumor in his Bladder. At this time they are unable to operate due to its size. He will be going on Chemo to try to shrink the tumor and then hopefully they will be able to operate. He has a long journey ahead. TJ's spirits are up and he is ready to fight this battle. Unfortunately his bills are already piling up and needs help but you know he wouldn't ask for it. That is why we are reaching out to you!
